

High School Course Overview

LIFE READINESS

A 7 Habits® Course for Life

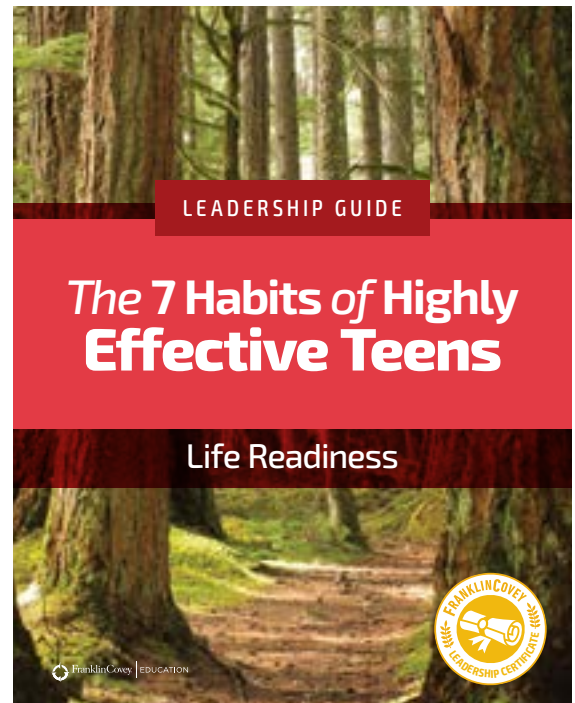

Everyone is a leader, including you. But not everyone is an effective leader. Effective leaders do things in ways that yield lasting positive results and live by timeless, universal principles. Principles provide constancy amidst change; each of the 7 Habits is based on principles of effectiveness that will guide you through life's greatest challenges.

Developing life-readiness skills prepares you to lead your own life and face difficult challenges:

45 Life-Readiness Discussions: A staff member can certify school administrators and teachers to deliver this flexible course during advisory periods or throughout a full semester.

Paradigms: The Key To Change: A paradigm is your point of view, belief, or mental map. If you want to change a habit, change a paradigm.

Student Leadership Course Certificate: Use the certificate to add value to your résumé, college applications, and more!

The 7 Habits of Highly Effective Teens is designed to support a flexible structure, including daily, weekly, or bi-weekly classes.

The course is available in a full year format, as a semester course, and as 20-minute modules.

High School Implementation Options

Leader in Me content and coaching can be delivered live onsite, Live Online, or in a hybrid model that combines the two. Course materials are available in both paper and digital formats. The courses can be delivered under an instructor-led model, a student-paced model, or as a blend of both.

WHOLE SCHOOL MODEL

This approach establishes a leadership team of staff and students working together to meet unique needs of the school. Every staff member is anchored in the 7 Habits and is equipped to teach leadership principles, create a leadership culture, and align achievement systems. This approach includes all four leadership courses in multiple formats including an option for advisory.

LEADERSHIP COURSES

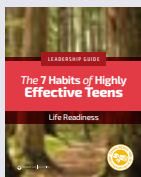

Under this approach, a school purchases an annual membership that includes a 1 day teacher training workshop for the instructors who will be delivering the 4 leadership courses, as well as the digital materials for the full semester courses.
